

MACHINERY SCOPE

Covered Equipment:

- Tractors
- Combines
- Sprayers
- Skid Loaders
- Windrowers
- Forage Harvesters
- Cotton Harvesters
- Light Construction
- Commercial Mowing
- And More

Coverage Benefits:

- Extend Base Coverage
- Flexible Terms
- Timely Answers
- Finance At Time Of Purchase
- Fully Transferable
- Pays MSRP On Parts
- Pays Your Dealer's Posted Shop Rate
- Use OEM Parts
- Simple Claims Process
- Knowledgeable Claims Administration

WHAT'S COVERED

	Powertrain	Powertrain + Hydraulics	Platform
Core engine (except hang-on attachments), engine flywheel	x	x	x
Engine lubrication system (except oil and oil filter)	x	x	x
Engine electronic controls & sensors (E.G., Electronic Control Module - ECM)	x	x	x
Turbo air induction & exhaust manifold ¹	x	x	x
Engine water pump & water temperature regulator	x	x	x
Fuel injection components ²	x	x	x
Engine drive-line coupler ³ , drive-- line shafts ⁴ , transfer gears & differential	x	x	x
Transmission ⁵ , transmission oil pumps, shift valves, electronic transmission controller & sensors	x	x	x
Final drives ⁶ , mechanical drive axles, and non-- powered axles ⁷	x	x	x
Hydro propel pumps, motors, hydraulic sensors & metal lines ⁸	x	x	x
Combines - Engine Power supply to mechanical threshing cylinder/rotor ⁹ reverser ¹⁰	x	x	x
Forage Harvesters - Mechanical feed roll transmission/gearcase, chopper & reverser gearcase	x		
Power take off (PTO) components, contained within the axle casting	x	x	x
Creep drive components, contained within the transmission castings	x	x	x
Hydraulic pumps & motors, valves, cylinders, steel lines, filter bases & Hydraulic Sensors		x	x
Combine - Hydraulic drive components to the threshing cylinder/rotor		x	x
Forage Harvester - Hydraulic drive components for the feed roll/chopper	x		
Engine starting aid, starter, alternator, air compressor & engine block heater			x
Air conditioning compressor, evaporator, & connecting lines			x
Radiator, coolant reservoir & coolant hoses/lines			x
Air inlet/exhaust hoses/tubes (except muffler and exhaust stack)			x
Fuel tanks & tank- attached fuel lines			x
Service brake system components (except friction pads/shoes and related wear parts)			x
Cab frame enclosure, mounting, platform & suspension			x
ROPS, FOPS and back-- up alarm			x
Auto Steer (factory installed)			x
Combines - Self-leveling systems			x

1 (Emission system, muffler, hoses/tubes, exhaust stack & air filters not covered)

2 (Injectors limited to factory defects under 2000 engine hours, not covered for failure due to normal wear)

3 (Engine Drive Line Couplers up to 4000 hours)

4 (Except Universal and CV Joints)

5 (Transmission clutch pack wear/sealing rings up to 2500 hours)

6 (Final Drive Bearings up to 2000 hours)

7 (Except frame/chassis components, Ex. axle pivot or walking beams, auto steer, & suspension system)

8 (Pumps & motors for hydro-powered threshing cylinders on combines are covered under hydraulic system)

9 (Powertrain coverage ends at the output shaft of final gearbox/hydraulic motor that drives threshing/rotor)

10 (Limited to the unit and it's internal components)

Ag Guard Extended Service Contracts can be customized to cover the hours and time you need.

Ag Guard products are only available from the manufacturer, your equipment dealer, or an authorized repair facility.

The descriptions of what's covered described here are only a synopsis and subject to change.

Please consult the complete Ag Guard Terms & Conditions for a detailed description of the coverage available.
